

PRODUCT INFORMATION SHEET

PROTECT ALL

PRODUCT DESCRIPTION

Protect All is a general purpose protective coating for use in the automotive industry. Protect All leaves no residue, gummy or filmy deposits, instead leaving an invisible long last shield protection from the environment. It repels dust, dirt and grime, and resists scratches, marks, smudges, water spots and finger marks. Protect All contains no harmful fumes, abrasives, wax or acids, it is non-yellowing with age or repeated coatings and is effective in hot and cold weather. Protect all is pleasantly fragranced to leave surfaces and vehicle cabins smelling fresh and looking great.

DIRECTIONS FOR USE

Recommended Dilution: Use direct from bottle or dilute 1:1.

Apply a thin coat to a clean, dry surface and buff to a high lustre with a soft cloth. Use caution around vehicle controls e.g. pedals and steering wheels as product may leave surface slippery.

FIRST AID & SAFETY

Considered a hazardous product. Avoid contact with skin and eyes. Wear gloves and eye protection when handling. Keep out of reach of children. If swallowed seek medical advice. If poisoning occurs contact a Doctor or the Poisons Information Centre. If swallowed do NOT induce vomiting, give water. If skin contact occurs wash affected area and remove clothing. If in eyes, hold eyes open and flood with water for a minimum of 15 minutes. Call a Doctor.

Refer to Safety Data Sheet for more information.
